

## **SIDES FOR: FRANK**

FRANK actually won't have a "Side" to memorize. Instead tell us what your version of "FRANK" experienced/felt after serving in WW2 and coming home to watch the U.S.A. fall to Germany and Japan.

You could have served in either the Pacific or European battles – against Germany or Japan.

How did you feel when Washington D.C. and Houston was hit by nuclear bombs?

What did you do when you saw your first German/Nazi troops in Texas?

What did you do when the Texas government (or the Federal government) surrendered?

Lastly – tell us why you are in the Resistance today... and what you hope to do to free Texas from Nazi rule.
